- **Hold up to 50 pages in Auto Document Feeder**
- **Scan and share documents directly to network drives**
- **Includes TWAIN and Certified ISIS Driver**
- **USB 2.0 Hi-Speed (USB 1.1 Compatible)**

Xerox DocuMate 520

The Xerox DocuMate 520 Scanner is a compact and effective hi-speed scanner perfect for workgroups and other decentralised scanning applications. By eliminating seldom used options such as duplex capability and a SCSI interface, Xerox offers this model at a price that enables businesses to achieve high levels of productivity by distributing fast cost-effective scanners throughout the organisation.

The DocuMate 520 has a 50-page+ Automatic Document Feeder that scans 20 pages per minute (20* ppm). It features 600x1200 dpi optical resolution, 48-bit colour, Hi-Speed USB 2.0 interface and scans everything from photos up to legal-sized documents. It also features one of the smallest footprints available of any business-oriented flatbed scanner on the market.

The DocuMate 520 includes TWAIN and Certified ISIS® Drivers plus the following software.

Scans directly to PDF!

Kofax

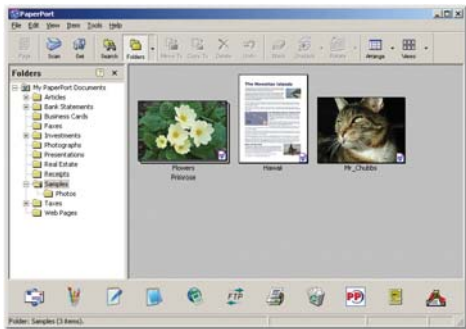

Kofax' VirtualReScan is an award winning, patented technology that automatically insures the best possible image quality and OCR accuracy for scanned document images. As quickly as pages pass through the scanner, VRS performs a multi-point inspection of each document. VRS instantly checks and adjusts for alignment (skew), brightness, contrast, and image clarity. Any inconsistencies are immediately corrected by VRS so that only the straightest, most readable images are moved into your application.

QuickScan

QuickScan is a standalone, out-of-the-box imaging solution that provides all the necessary capabilities for high-speed ISIS® based scanning, image enhancement, viewing, annotation, and printing of images for both black-and-white and colour pages. Developed by Pixel Translations, the creators of ISIS, QuickScan's strengths include features such as batch scanning, PDF support, image manipulation, multipage support, and more.

ScanSoft PaperPort Pro 9 Office
The easiest way to organise, find and share all your paper, PDF and digital documents.

Create PDFs from PC Applications

PaperPort Pro Office supports one-click creation of PDF files from Microsoft Office documents, and supports Print-to-PDF using other Microsoft Windows applications, including Corel® and Autodesk®. A wide range of image formats can also be converted into PDF – including TIFF, MAX, JPG, BMP and GIF.

PaperPort Pro 9 Office is the easiest way to turn volumes of paper or photos into organised digital files that you can quickly find, use and share. Stop wasting time looking for paper documents scattered around your home and office. With PaperPort 9 the Xerox DocuMate 520 can scan documents and photographs directly to PDF files.

Scan-to-PDF

PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

Easily Send Files to a Printer, Email or other Application

A simple drag and drop to PaperPort's Send To bar eliminates many processing steps. Instantly print your image, add as an email attachment, convert to a Word file or send to any other text, print or imaging application.

Find Information Fast

PaperPort can help you find any document or photo on your PC instantly. Just type in a word or phrase and PaperPort will bring up the correct document immediately.

Scan to Network Drives

Adding new destinations to the PaperPort folder list allows scanning direct to the desired location. Scan straight to your My Documents folder or to a network drive.

Fill out Forms Quickly, Neatly

FormTyper® automatically recognises the fields on a scanned form. Simply tab and type in PaperPort to neatly fill in all the information. Print the filled in form and PaperPort automatically saves an electronic copy for your records.

Quickly turns scanned documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program. Eliminates the need for retyping documents.

Certified ISIS Driver

The DocuMate 520 includes an ISIS driver certified by Pixel Translations to ensure that it functions properly with the over 250 ISIS-compatible document imaging applications.

DocuMate 520 Product Specifications

Scanner Bit Depth (colour)	48-bit internal (16-bit A/D converter recognises over 281 trillion colours)
Scanner Bit Depth (greyscale)	16-bit internal (65,536 shades of grey)
Output Bit Depth	24-bit color, 8-bit greyscale, 1-bit black & white
Scan Method	Fast Single Pass
Interface	Hi-Speed USB 2.0 (USB 1.1 Compatible)
Dimensions	254(w) x 330(d) x 445(h) mm
Weight	5.1 kg
ADF Maximum Document Size	216 x 356 mm
ADF Minimum Document Size	114 x 141 mm
ADF Capacity	50 sheets
Part Number	003R98555

Minimum System Requirements

- Pentium® 300 or equivalent processor
- Windows® 98SE/2000/Me/XP
- 64MB of RAM (128MB RAM for Windows XP)
- 200MB available hard disk space
- CD-ROM drive
- USB Port

Contents:

- DocuMate 520
- Power Supply
- USB Cable
- Quick Install Card
- User's Manual
- CD-ROM including:
 - Kofax VRS 2.1
 - Scanner Driver (TWAIN & Certified ISIS Driver)
 - ScanSoft PaperPort Pro 9 Office
 - ScanSoft TextBridge Pro 9 OCR
 - Pixel Translations QuickScan
 - ArcSoft PhotoImpression
