Invitation: Enterprise P2P Roadshow '08

Greater Efficiency, Transparency and ROI with Automated Invoice Processing

Alphawest has teamed up with the world leaders in Intelligent Capture & Exchange and Automated Invoice Processing, Kofax & Basware, to bring to your organisation the Enterprise Purchase to Pay solution. Join us at a morning seminar, and discover how you can improve and automate time-consuming and error-prone manual procurement processes that result in poor spend visibility, lack of process control, and wasted opportunities for leveraging corporate spend.

Sydney Harbour Marriott Hotel

Date: 18th November, 2008 (Tue)

Venue: Banjo Paterson Room

Melbourne Marriott Hotel

Date: 19th November, 2008 (Wed)

Venue: Regency Room 1

Sofitel Brisbane Grand Central

Date: 21st November, 2008 (Fri)

Venue: Concorde Room

The Enterprise Purchase to Pay solution delivers value by providing compliance and control, as well as fast return on investment. Built-in intelligent best practices, process automation, and powerful exception management increase efficiency and reduce costs. Automating your organization's procurement and invoice handling processes not only improves business performance but also frees your staff to focus on core business and generate customer value.

The seminar is free of charge and specially designed for Heads of Finance or Shared Services, Procurement, Accounts Payable professionals, financial decision-makers and Business Process Managers.

Agenda

Introduction: Enterprise Purchase to Pay

How automating your organisation's procurement and invoice handling processes improves business performance and frees your staff to focus on core business and generate customer value.

Dialogue: Business Case

We will discuss real life challenges faced by one of our customers Discover how our automated invoice processing solution enabled them to achieve end-to-end control, compliance and visibility. Our customer saved millions of dollars with the solution in place!

Learn how our customers in industries like Financial Services Industry (FSI), utilities, manufacturing, retail, healthcare, government agencies, automobile, shared services centers (SSC), and etc. – achieved world class performance through a holistic approach to invoice processing and continuous improvement through KPI measurement.

Solution Demo: e-Procurement

- Scanning with automated image enhancement
- Automated data extraction from invoices in all formats
- Purchase management
- Order matching – Matching against purchase orders or contracts
- Invoice workflow for non-matched invoices
