

Kofax Capture 8 End of Life Announcement

With the release of Kofax Capture 10 for general availability, Kofax is announcing the End-of-Life Process for Kofax Capture versions 8.x. The End of Life Process for Kofax Capture versions 8.x encompasses the follow schedule and important milestones:

- **End of Life for Kofax Capture 8.x Versions Announcement – August 31, 2011**
- **End of Sale for Kofax Capture 8.x Versions to New Customers – August 31, 2011**
- **End of Support for Kofax Capture 8.x Versions – January 1, 2013**

End of Sale

Effective as of the date of this announcement, Kofax Capture 8 software will no longer be available for download from the Kofax Electronic Fulfillment site. Existing customers with a current Maintenance Contract will still be able to download a currently selling version of Kofax Capture without the need to place an order.

End of Support

Effective January 1, 2013, support for Kofax Capture 8 will no longer be available from Kofax. Kofax Capture 8 customers should begin planning their upgrade strategies as soon as possible. [Extended Support](#) is available for customers who will not be able to complete their upgrade by January 1, 2013.

Upgrade Software

An order with Kofax is not required to obtain currently selling versions of software from the Kofax Electronic Fulfillment site. Kofax customers who have current Maintenance agreements with Kofax can download currently selling versions of Kofax software from the Kofax Electronic Fulfillment site at <http://delivery.kofax.com>.

Existing Kofax Capture 8 Customers

Existing Kofax Capture 8 customers will be able to purchase add-ons or additional licenses for their Kofax Capture 8 systems until January 1, 2013. After January 1, 2013, Kofax Capture 8 customers will need to upgrade to a supported version of Kofax Capture or opt for [Extended Support](#).

Questions

If you have any questions or require additional information, please do not hesitate to contact your Kofax representative or email info@kofax.com.
