

KOFAX INTELLIGENT AUTOMATION: YOUR FUTURE WORKFORCE STARTS HERE

The workplace is changing

The first three waves of the Industrial Revolution focused on improvements to the Workplace... **Wave 4.0 is focused on the Workforce, and so is Kofax**

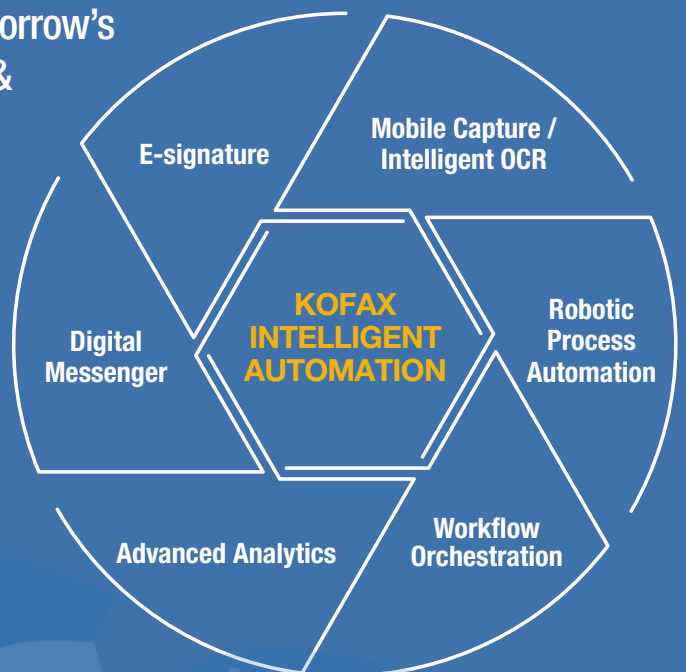

Although organizations are making efforts to reposition for Wave 4.0, as of 2018, only 4% have been able to successfully scale RPA-enabled digital workers and AI.¹

Kofax Intelligent Automation (IA)...

Provides an enterprise solution to **managing** tomorrow's **'total' workforce** comprised of digital (machine) & physical workers

Intelligent Automation bundles **RPA** and **smart automation** capabilities into a **"purpose built"** platform for designing and scaling automation

Organizations who implemented RPA digital workers realized the following benefits¹

95% said it has improved productivity	93% said it has improved compliance
81% said it has reduced costs	77% said it has provided better management information
